GMC WE ARE PROFESSIONAL GRADE

YUKON

Y U K O N

Precision matters. It matters in every pound-foot of torque, every millimetre of fit and finish and every decibel of quiet. That's what drives us to reimagine solutions and create rewarding driving experiences. Like the 2016 Yukon. Its EcoTec3 engines offer proven V8 power and efficiency, while its suspension is engineered for unexpected ride and handling. Inside, a quiet cabin welcomes you with premium materials and ingenious technologies.

YUKON DENALI: MAKES A STATEMENT. ADDS AN EXCLAMATION POINT.

The ultimate expression of Professional Grade arrives in the form of Yukon Denali. Signature Denali styling begins with its three-dimensional grille, projector-beam HID headlamps and chrome accents and continues with available 22" wheels and optional power-retractable assist steps with perimeter lighting.

YUKON: DESIGNED TO STAND OUT. EXCEPT TO THE WIND.

The 2016 Yukon was designed for efficient aerodynamics. The goal was to make it feel smaller to the wind for reduced noise and improved efficiency. Bold, sculpted lines glide from the three-dimensional grille and over the inlaid doors for smooth, uninterrupted airflow.

WE REALIZE YOU ONLY HAVE TWO HANDS.

To help you load it up while your hands are full, Yukon Denali and SLT include a hands-free, foot-activated power liftgate. Once the liftgate is open, Yukon makes it easy to lower the second and third rows to create a flat cargo floor. And since we all travel with plenty of things we just can't leave behind, you'll find generous storage compartments, including an expansive centre console, integrated throughout Yukon.

¹Not compatible with all devices.

ENJOY 4G WI-FI EVEN ON THE 401.

Yukon offers OnStar 4G LTE¹ to keep you connected, informed and entertained. Gain fast Internet speeds by adding a Wi-Fi[®] hotspot.

ONSTAR 4G LTE HOTSPOT¹ New OnStar 4G LTE with built-in Wi-Fi capability (includes 3-month/3 GB trial, whichever comes first) means a fast Internet connection for Web-enabled devices from up to 15 metres around Yukon. It's reliably fast, easy to use and handles up to seven devices.²

CUSTOMIZABLE DRIVER DISPLAY Choose Yukon Denali, and a reconfigurable gauge cluster with three selectable themes—Standard, Technology and Media—allows you to personalize the 203 mm diagonal Customizable Driver Display for optimized information placement. The display's menu can be navigated with steering-wheel-mounted controls. Driver alerts are also clearly displayed.

INTEGRATED COMMUNICATION New for 2016 is support for Apple CarPlay.^{TM3} It's a smart way to use your iPhone[®] inside your Yukon. Now many of the functions you use your phone for—entertainment, communication and directions—appear on the built-in display. There's also the GMC Colour Touch Audio System featuring a full-colour, 203 mm diagonal screen for easy viewing and hands-free, voice-activated control of your smartphone. It also offers:

- IntelliLink⁴
- Stitcher SmartRadio^{®5}
- MP3 music syncing
- HD Radio
- Vocalized text messages
- Siri[®] Eyes Free assistance
- Bluetooth[®] capabilities⁶
- Hidden storage with USB[®] outlet
- Personal library access from multiple devices
- Storage of frequently used phone contacts

VOICE AND TOUCH-SCREEN NAVIGATION⁷ In response to your voice or touch, Yukon's available Navigation System displays 2-D or 3-D map graphics on the 203 mm diagonal centre-mounted screen. NavTraffic⁸ (3 trial months of SiriusXM) incorporates real-time traffic and road conditions, directing you toward the most efficient route.

BOSE® SOUND SYSTEM Yukon's Bose system is engineered to allow you to hear each and every note just as the musician intended. It features nine premium speakers and a centre-mounted subwoofer for rich bass tones to create a fuller listening experience.

BOSE CENTERPOINT® SURROUND SOUND For the sensation of a live performance, Denali includes a 10-speaker surround sound system with SurroundStage[®] signal processing. This technology, along with AudioPilot[®] noise compensation, delivers five independent channels from existing two-channel recordings.

FOUR-COLOUR HEAD-UP DISPLAY (HUD) Inspired by fighter aircraft technology, this available segment-exclusive⁹ system projects important driving information at eye level. Without taking your eyes off the road, see speedometer and rpm, Forward Collision Alert, Lane Keep Assist, Adaptive Cruise Control,¹⁰ transmission position and Turn-by-Turn Navigation information, if equipped.

BLU-RAY™/DVD REAR-SEAT ENTERTAINMENT SYSTEM This available system includes a Blu-ray/DVD player and a 234 mm diagonal flip-down display. Yukon XL and XL Denali models feature two screens, with one screen specifically for the third-row passengers. This system is compatible with most popular video gaming systems.

WIRELESS CHARGING MAT¹¹ With available wireless charging conveniently located on the centre console, you can power up your compatible phone or device anytime the vehicle is running. No cords necessary.

CONNECTIVITY Depending on the model you choose, you'll never be far from a convenient power supply: up to five USB ports,⁶ five 12-volt auxiliary power outlets and a new 110-volt outlet located in the second row keep first- and second-row passengers connected and powered up.

⁷Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. Customers will be able to access OnStar services only if they accept the OnStar User Terms, Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ⁸Devices must be WPA2-compliant. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ⁹Vehicle user interface is a product of Apple[®] and Apple's[®] terms and privacy statements apply. Requires compatible smartphone. Data plan rates apply. ⁴Full functionality requires compatible Bluetooth[®] and smartphone, and USB connectivity for some devices. Visit intelliink.gmc.gm.ca for more details. ⁵Data plan rates apply. ⁶Not compatible with all devices. ⁷At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ⁸Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms and Conditions" and complete details at siriusxm.ca. ⁹Comparison based on wardsauto.com 2015 Large SUV segment and latest competitive information available at time of printing. Excludes other GM vehicles. ¹⁰Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. The Front Automatic Braking feature may help reduce crash damage under certain conditions discussed in the Owner's Manual. Never rely on this feature to brake the vehicle. ¹¹The vehicle must be on or Retained Accessory Power must be active. Remove all objects from the charging pad. Place the mobile device face up on the charging symbol on the charging pad. Move the device slowly until the battery charging symbol displays on the touch-screen, indicating the device is charging. See your Infotainment System Owner's Manual.

EXUDES POWER. RESPECTS RESOURCES.

Yukon's EcoTec3 engine family combines three technologies: Direct Injection (DI), Active Fuel Management and continuously Variable Valve Timing (VVT) to deliver exceptional power, torque, efficiency and durability. The 5.3L V8 achieves the best city and highway fuel efficiency¹ in its class² and it generates 355 hp and 383 lb.-ft. of torque. For even more power and torque, Yukon Denali features a 6.2L V8 with class-leading² horsepower and torque and a Hydra-Matic 8-speed automatic transmission.

YUKON DENALI IN QUICKSILVER METALLIC
shown with available equipment.

HANDLE LIFE'S TWISTS AND TURNS AND UPS AND DOWNS.

From behind the wheel of Yukon you'll feel confident and in command, while your passengers enjoy a comfortable ride. Yukon is engineered for a smooth ride and unexpected handling to create the experience of driving a much smaller vehicle.

STABILITRAK Yukon's electronic stability control system helps improve stability by reducing traction loss. Sensing when Yukon isn't responding to steering inputs, it adjusts engine speed and applies brake pressure to any wheel to help maintain directional control. To mitigate rollovers, it anticipates a vehicle "tip up" situation, rapidly braking to help reduce lateral forces and the likelihood of a rollover.

MAGNETIC RIDE CONTROL For smoothness and refinement that rival that of premium luxury sedans, Yukon Denali features the remarkable capability of Magnetic Ride Control. This system senses changes in the road surface up to 1000 times per second, instantly adjusting the shock absorbers for maximum comfort and control, without sacrificing agility.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS To reinvent the brake rotor, GMC engineers used Ferritic Nitro-Carburizing (FNC) technology, which can help double rotor life. FNC is a patented, GM-exclusive corrosion protection process designed to help prolong rotor life by hardening the rotor surface. It provides protection against rust to help prevent steering-wheel shudder when applying the brakes.

FOUR-WHEEL DRIVE Yukon's available four-wheel-drive system allows you to switch between two-wheel drive for optimum fuel efficiency and four-wheel drive for much-needed additional traction and control.

FOUR-WHEEL DISC BRAKES The stopping system improves pedal feel for a stronger, more confident braking performance.

FULLY BOXED FRAME Yukon's frame is constructed with 75 percent high-strength steel for maximum people- and cargo-carrying capability.

WIDE TRACK For improved stability and more confident cornering, Yukon features a wider rear track. Wider wheels reduce tire flex for improved cornering, and low-rolling-resistance tires aid in fuel efficiency.

ELECTRIC VARIABLE-ASSIST POWER STEERING The electric variable-assist power rack-and-pinion steering system improves fuel efficiency versus engine-powered systems. It provides less assist at highway speeds for a solid on-centre feel, and more assist for less steering effort when you're manoeuvring in tight spaces.

SHEAR-STYLE BODY MOUNTS Connecting the body to the frame are high lateral-rate and redesigned hydraulic body mounts. You'll enjoy improved comfort and a smoother, quieter ride. The shear-style mounts dampen side-to-side vibrations, while the new hydraulic mounts dampen vertical vibrations.

BECAUSE SOME HOBBIES REQUIRE BIGGER EQUIPMENT.

Everything about Yukon is designed and engineered for ease of travel, including pulling your recreational equipment. Yukon offers a maximum trailer weight rating of up to 3856 kg.¹

¹Requires 5.3L V8 and Heavy-Duty Trailering Package. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

AUTOMATIC LOCKING DIFFERENTIAL This feature directs power to the rear wheel with the most traction on loose gravel or slippery surfaces.

AUTO GRADE BRAKING It automatically senses when you want to slow your Yukon and engages a Grade Braking shift pattern within the transmission to help maintain your desired speed.

YUKON SLT IN QUICKSILVER METALLIC
shown with available equipment.

PREMIUM SMOOTH-RIDE SUSPENSION WITH AIR LEVELLER

The available system constantly senses and adjusts Yukon's rear suspension height to maintain a level position. It also contributes to Yukon's max trailering rating.

HILL START ASSIST

Sensors automatically detect when Yukon is on a 5 percent grade or more. It holds the brakes momentarily or until the accelerator is pressed, preventing rollback. It's most effective when trailering, providing time to switch from the brake to the accelerator without rolling.

TOW/HAUL MODE Providing more power to accelerate when trailering or hauling heavy loads, Tow/Haul mode raises transmission upshift points. It also helps reduce speed by using engine compression to slow Yukon instead of merely braking.

TRAILER SWAY CONTROL Keep both you and your trailer heading in the same direction, automatically. The system uses StabiliTrak sensors to detect a swaying trailer, applying both Yukon's and the trailer's brakes (if properly equipped) to help bring it back in line.

TRAILER BRAKE CONTROLLER For fingertip control and easy monitoring of your trailer brakes, there's an available integrated trailer brake controller. Conveniently located to the left of the steering wheel, it displays the level of brake force or "gain" in the Driver Information Centre.

SO SMART, YOU GAIN CONFIDENCE JUST BY DRIVING IT.

Yukon offers a comprehensive array of driver-alert technologies, engineered with the idea that the best way to handle a collision is to avoid it. For 2016, Yukon adds Lane Keep Assist and IntelliBeam to the available Enhanced Driver Alert Package that also includes Forward Collision Alert and the Safety Alert Driver Seat.

DRIVER AWARENESS Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Yukon Owner's Manual for more important safety information.

LANE KEEP ASSIST This new available technology (shown above) for 2016 helps Yukon stay in its lane and avoid unintentional lane changes. It assists by gently correcting the steering path and may also issue an alert if Yukon approaches a detected lane marking without the turn signal being activated. Standard on SLT and Denali.

FRONT CENTRE AIRBAG¹ The Front Centre Airbag is designed to help protect drivers and front-seat passengers in side-impact crashes where the affected occupant is on the opposite, non-struck side of the vehicle.

INTELLIBEAM When oncoming headlamps or taillamps are detected in front of Yukon, this new available system automatically adjusts between low and high beams.

LANE CHANGE ALERT Working with Side Blind Zone Alert, this available system uses long-range (up to 70 metres) radar to help detect and warn you of fast-approaching traffic in the next lane.

SIDE BLIND ZONE ALERT The available radar-equipped sensors monitor Yukon's blind spots, alerting the driver via visual warnings to help reduce the risk of collisions.²

ADAPTIVE CRUISE CONTROL³ This available technology detects a vehicle ahead and automatically adjusts Yukon's speed to maintain a steady driving distance. It also includes Front Automatic Braking that automatically slows Yukon down to help prevent an impact.

FORWARD COLLISION ALERT The available Forward Collision Alert warns you when you're rapidly approaching another vehicle ahead and it appears a collision is imminent. It also provides an alert if the driver is following a detected vehicle much too closely.

REAR CROSS TRAFFIC ALERT Monitoring your surroundings and working with the Rear Vision Camera, this available feature sends audio and visual warnings, alerting you to approaching cross traffic while backing up in a parking lot or driveway.

ENHANCED SECURITY PACKAGE To help ensure that it remains in your possession, the 2016 Yukon surrounds itself with this available package that includes glass breakage sensors, vertical movement sensors, interior motion detectors, door and liftgate lock shields and numerous other theft-deterrent technologies to keep potential thieves at bay.

SAFETY ALERT DRIVER SEAT Forward Collision Alert, Lane Keep Assist and Front and Rear Park Assist provide visual alerts and allow you to choose from additional audible signals or the available Safety Alert Driver Seat, which uses directional vibrations to help warn you of a potential collision.

¹Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. ²Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal. ³Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. The Front Automatic Braking feature may help reduce crash damage under certain conditions discussed in the Owner's Manual. Never rely on this feature to brake the vehicle.

PROFESSIONAL GRADE PROTECTION.

GMC Pro Grade Protection is standard on every 2016 Yukon. From Lube-Oil-Filter Maintenance to protecting your entire vehicle, you can drive with confidence.

2-YEAR/40,000 KM LUBE-OIL-FILTER MAINTENANCE¹

WE'RE AS CLOSE AS THE BLUE BUTTON.

Standard for 6 months, the OnStar Guidance Plan (trial excludes Hands-Free Calling minutes) lets you connect to an OnStar Advisor just by pressing the blue OnStar button in your Yukon.

ONSTAR WITH 4G LTE WI-FI® HOTSPOT³ Now your Yukon has a built-in Wi-Fi hotspot for connecting up to seven devices.⁴ Requires a data plan after the 3-month trial period (3 months of data or 3 GB, whichever comes first).

ONSTAR BASIC PLAN⁵ This gives you a powerful connection to your vehicle and the world around you and is standard for 5 years at no additional cost to you. You'll have access to select services, which include limited features of the OnStar RemoteLink mobile app⁶ that lets you remote-start your car (if equipped) and manage your vehicle's Wi-Fi hotspot (if equipped). Plus, lock or unlock your doors—all from your mobile device. Your vehicle can run diagnostic checks on itself and remind you of servicing needs by e-mail.

AUTOMATIC CRASH RESPONSE In a crash, built-in sensors automatically alert an OnStar Advisor who is connected into your vehicle to see if you need help—even if you can't ask for it.

EMERGENCY SERVICES One push of the red emergency button gives you a priority connection to a specially trained OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

CRISIS ASSIST During severe weather or other crisis situations, OnStar provides a quick, central point of contact when you need emergency assistance, navigation help or information.

ROADSIDE ASSISTANCE⁷ If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your location to get you back on the road quickly.

STOLEN VEHICLE ASSISTANCE⁸ If your vehicle is stolen, OnStar can use GPS to pinpoint and work with authorities to quickly help recover it. On many models, an Advisor can send a signal to slow the vehicle or prevent it from restarting.

TURN-BY-TURN NAVIGATION Push a button and tell an Advisor where you want to go. Directions are quickly downloaded to your vehicle, and a voice calls out every turn. An Advisor can also help you with a database of more than 1 million points of interest. To plan routes in advance, you can send directions to your vehicle through an Advisor or the RemoteLink mobile app.

ONSTAR REMOTELINK MOBILE APP⁶ You can remotely start your vehicle, lock or unlock your doors, honk your horn and flash your lights. You can also send directions to your vehicle through your smartphone.

REMOTE SERVICES⁹ A call to an OnStar Advisor can send a signal to unlock your doors or honk the horn and flash the lights.

HANDS-FREE CALLING¹⁰ Your vehicle has built-in Hands-Free Calling to help keep you safely connected when your cellphone isn't available. Choose from minute bundles or a minutes-per-month plan.

ATYOURSERVICE¹¹ Life just got easier and more affordable with the personalized connection of AtYourService. Trusted Advisors can help you locate hotels and even book your room.

ONSTAR VEHICLE DIAGNOSTICS As part of the Basic Plan,⁵ every month your vehicle runs a thorough check of your engine, transmission, anti-lock brakes and more, and e-mails you the results.

DEALER MAINTENANCE NOTIFICATION Is it time for service? You'll always know because your vehicle can e-mail your Vehicle Diagnostics report to the dealer when it's time, and the dealer will contact you to set up a service appointment.

¹The 2-Year Scheduled LDF Maintenance Program provides eligible customers in Canada who have purchased, leased or financed a new eligible 2016 MY Chevrolet, Buick or GMC vehicle (excluding Spark EV) with an ACDelco oil and filter change, in accordance with the Oil Life Monitoring System and the Owner's Manual, for 2 years or 40,000 km, whichever occurs first, with a limit of four lube-oil-filter services in total, performed at participating GM dealers. Fluid top-offs, inspections, tire rotations, wheel alignments and balancing, etc., are not covered. This offer may not be redeemed for cash and may not be combined with certain other consumer incentives available on GM vehicles. General Motors of Canada Limited reserves the right to amend or terminate this offer, in whole or in part, at any time without prior notice. Additional conditions and limitations apply. See dealer for details. ²Whichever comes first. Conditions and limitations apply, see dealer for details. ³Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. Customers will be able to access OnStar services only if they accept the OnStar User Terms, Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ⁴Devices must be WPA2-compliant. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. ⁵The OnStar Basic Plan is available for 5 years from the date of delivery of the eligible new 2015 model year and newer vehicles and is transferable to subsequent owners for the remaining term. The Basic Plan includes access to: (1) monthly OnStar Vehicle Diagnostics e-mails (capabilities vary by model); (2) Dealer Maintenance Notification; and (3) limited OnStar RemoteLink Mobile App services, which include remote start (requires factory-installed and -enabled remote start system), remote lock/unlock doors (requires automatic locks) and remote horn and lights activation. The OnStar RemoteLink Mobile App is available on select Apple,[®] Android,[™] BlackBerry[®] and Windows[®] devices. Visit onstar.ca for vehicle availability, coverage map, details and system limitations. The OnStar Basic Plan does not include any Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, live Advisor service or Hands-Free Calling. These and other services are available under a paid plan. If you sell your vehicle or wish to cancel use of Basic Plan services, you must contact OnStar at 1-888-4-ONSTAR (1-888-466-7827). ⁶Available on select Apple,[®] Android, BlackBerry and Windows devices. Requires an active OnStar service plan. Services vary by device, vehicle, conditions and the type of service plan you have. Please visit onstar.ca for vehicle availability, system limitations, geographical and technical restrictions and further details. ⁷Roadside service provided by Allstate Roadside Services. ⁸Services vary by model, conditions and geographical and technical restrictions. Stolen Vehicle Slowdown and Remote Ignition Block are available on select 2009 and newer GM vehicles. ⁹Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. Unlock feature requires automatic door locks. Remote start requires factory-installed and -enabled remote start system. ¹⁰OnStar Hands-Free Calling requires existing OnStar service plan and available prepaid minutes. Not available in certain markets. Calls may be made to the U.S. and Canada only. Minutes good for the specified term or until service plan expires, whichever comes first. Visit onstar.ca for coverage maps, details and system limitations (including geographic and technical restrictions). ¹¹Third-party trademarks are the property of their respective third-party owners, used under agreement.

VEHICLE THEFT-DETERRENT SYSTEM Electronic immobilizer	●	●	●

¹Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms and Conditions" and complete details at siriusxm.ca. ²At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. ³Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. The Front Automatic Braking feature may help reduce crash damage under certain conditions discussed in the Owner's Manual. Never rely on this feature to brake the vehicle. ⁴Not compatible with all devices. ⁵The vehicle must be on or Retained Accessory Power must be active. Remove all objects from the charging pad. Place the mobile device face up on the charging symbol on the charging pad. Move the device slowly until the battery charging symbol displays on the touch-screen, indicating the device is charging. See your Infotainment System Owner's Manual. ⁶Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit intelliink.gmc.gm.ca for more details. ⁷Data plan rates apply. ⁸Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, conditions and geographical and technical restrictions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Available Wi-Fi hotspot requires a data plan. Customers will be able to access OnStar services only if they accept the OnStar User Terms, Privacy Statement and Software Terms. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After the trial period (if applicable), an active OnStar service plan is required. ⁹The OnStar Basic Plan is available for 5 years from the date of delivery of the eligible new 2015 model year and newer vehicles and is transferable to subsequent owners for the remaining term. The Basic Plan includes access to: (1) monthly OnStar Vehicle Diagnostics e-mails (capabilities vary by model); (2) Dealer Maintenance Notification; and (3) limited OnStar RemoteLink Mobile App services, which include remote start (requires factory-installed and -enabled remote start system), remote lock/unlock doors (requires automatic locks) and remote horn and lights activation. The OnStar RemoteLink Mobile App is available on select Apple,[®] Android,[™] BlackBerry[®] and Windows[®] devices. Visit onstar.ca for vehicle availability, coverage map, details and system limitations. The OnStar Basic Plan does not include any Emergency Services, Automatic Crash Response, Stolen Vehicle Assistance, live Advisor service or Hands-Free Calling. These and other services are available under a paid plan. If you sell your vehicle or wish to cancel use of Basic Plan services, you must contact OnStar at 1-888-4-ONSTAR (1-888-466-7827). ¹⁰Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information.

¹Fuel-consumption ratings based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual fuel consumption may vary. ²Cargo and load capacity limited by weight and distribution. ³Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

IMPORTANT WORDS |

PEACE OF MIND, STANDARD WITH EVERY GMC MODEL

When you build them with quality, you can back them with confidence. That's why General Motors of Canada backs every GMC model with the best coverage in Canada. Program highlights include:

- 2-year/40,000 km Lube-Oil-Filter Maintenance¹
- 3-year/60,000 km New-Vehicle Limited Warranty²
- 5-year/160,000 km Powertrain Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge²
- 5-year/160,000 km Courtesy Transportation²
- 5-year/160,000 km 24/7 Roadside Assistance²
- 6-year/160,000 km rust-through perforation coverage²
- 8-year/130,000 km coverage on catalytic converters and Powertrain Control Modules (PCMs)²

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:³

- **GM Protection Plan (GMPP)**—The only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New-Vehicle Limited Warranty period.
- **Certified Service**—With GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.
- **GMC Owner Centre**—As an owner, take advantage of the GMC Owner Centre. This online owner's destination gives you access to coupons, contests, current offers and the latest driving and maintenance tips. Find out more at gmcowner.ca.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **Purchase Financing and Leasing**—On-the-spot financing, see dealer for full details.⁴
- **GM Student Bonus Program**—Students or recent graduates of high school, college or university³ may be eligible to receive a Student Bonus vehicle redemption allowance of \$500 or \$750⁵ (tax inclusive) (purchased vehicle dependant) to use toward the purchase, lease or finance of one eligible new GMC vehicle.
- **GM Card**—Cardholders may redeem Earnings toward the total purchase price or lease down payment of an eligible new GMC truck, SUV or crossover. Restrictions and limitations apply.⁵ For full program details, visit gmc card.ca.

INFORMATION RESOURCES:

You can find more information about these programs from your GMC dealer, or at these information centres:

- The GM website at gm.ca
- The GM Customer Care Centre at **1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830** for TDD users)

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your GMC dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GMC vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

TRADEMARKS

¹The 2-Year Scheduled LDF Maintenance Program provides eligible customers in Canada who have purchased, leased or financed a new eligible 2016 MY Chevrolet, Buick or GMC vehicle (excluding Spark EV) with an ACDelco oil and filter change, in accordance with the Oil Life Monitoring System and the Owner's Manual, for 2 years or 40,000 km, whichever occurs first, with a limit of four lube-oil-filter services in total, performed at participating GM dealers. Fluid top-offs, inspections, tire rotations, wheel alignments and balancing, etc., are not covered. This offer may not be redeemed for cash and may not be combined with certain other consumer incentives available on GM vehicles. General Motors of Canada Limited reserves the right to amend or terminate this offer, in whole or in part, at any time without prior notice. Additional conditions and limitations apply. See dealer for details. ²Whichever comes first. Conditions and limitations apply, see dealer for details. ³Conditions and limitations apply. ⁴Subject to eligibility. ⁵Program subject to change.
