OPEN UP WITH A FOLD

60/40 flip-up and split-fold-flat rear seats let you open up more storage space quickly and easily. To load longer items, simply raise the seat cushion on one side of the seat, then fold the back of the seat down. The other side can stay up to accommodate passengers. They'll be cared for quite nicely by cloth, durable ActiveX™ seating[1] or perforated, leather-trimmed seats,[1] as well as a power moonroof with sunshade.[1] A heated, leather-wrapped steering wheel[1] helps keep drivers happy as well. A Rear View Camera that lets you see what's behind EcoSport while in Reverse. Standard.

A Reverse Sensing System that audibly alerts you to objects detected behind EcoSport as you slowly back up.[1]

BLIS® (Blind Spot Information System) with Cross-Traffic Alert[1,2] that helps warn you if it detects a vehicle in either of your blind spots while driving forward, or approaching from the sides while in Reverse.

AdvanceTrac® with RSC® (Roll Stability Control™),[3] which provides enhanced control in a variety of conditions. By selectively applying individual brakes and modifying engine power, the system helps keep all 4 wheels firmly planted. Standard.

TITANIUM. LIGHTNING BLUE. AVAILABLE EQUIPMENT. [1]Available feature. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.
