Additional Maintenance Items

A/C performance test w/ leak dye, 2018 & older only; excl. 17 & newer Outback and 18 Forester (incl. up to 1lb of Freon)	-----	\$179.95
A/C performance test w/ leak dye, all 2019 & newer, 17 & newer Outback and 18 & newer Forester (incl. up to 1lb of Freon)	-----	\$329.95
Air filter gas engines	-----	\$59.95
Align four wheels	-----	\$99.95
All wheel drive service; replace fr & rr diff fluid & Auto trans fluid	-----	\$379.95
All wheel drive service; replace front & rear differential fluid & manual trans fluid	-----	\$324.95
Battery and charging system analysis	-----	74.95
Battery test & replace (OEM)	-----	\$219.95
Brake fluid, renew; completely flush system	-----	\$169.95
Brake inspection 4 wheel	-----	\$79.95
Brake pads & rotors, front, replace	-----	\$549.95
Brake pads & rotors, rear, replace	-----	\$549.95
Brake pads front & machine rotors OEM cars	-----	\$399.95
Brake pads front OEM cars	-----	\$259.95
Brake pads rear & machine rotors OEM	-----	\$389.95
Brake pads rear OEM	-----	\$249.95
Cabin air filter, replace	-----	\$99.95
Cabin filter and evaporator service, all models	-----	\$209.95
Coolant drain & fill system with std. type coolant	-----	\$149.95
Fuel filter	-----	\$119.95
Fuel induction service deluxe (OEM)	-----	\$219.95
Manual transmission service	-----	\$109.95
PCV valve replace	-----	\$94.95
PCV valve replace, turbo engines only	-----	\$129.95
Timing belt & crank seal, replace, non-turbo only	-----	\$619.95
Timing belt & crank seal, replace, turbo only	-----	\$759.95
Transmission service, replace high performance fluid	-----	\$269.95
Tune up major 4 cyl. Platinum, 2004 & older only	-----	\$419.95
Tune up major 4 cyl. Platinum, 2005 to 2011 models only	-----	\$309.95
Tune up major 4 cyl. Silver, 2012 & newer models only	-----	\$379.95
Tune up major 6 cyl. Platinum, 2004 & older only	-----	\$569.95
Tune up major 6 cyl. Platinum, 2005 & newer only	-----	\$529.95
Tune up major Non-platinum 4 cyl.	-----	\$359.95
Tune up major Platinum 4 cyl. Turbo, 2005 to 2011 models only	-----	\$379.95
Tune up major Silver 4 cyl. Turbo, 2012 & newer models only	-----	\$419.95
Tune up minor 4 cyl. Non-platinum	-----	\$169.95
Tune up minor 4 cyl. Platinum, 2005 to 2011 models only	-----	\$219.95
Tune up minor 4 cyl. Silver, 2012 & newer models only	-----	\$249.95
Tune up minor 4 cyl. platinum turbo, 2005 to 2011 models only	-----	\$289.95
Tune up minor 4 cyl. platinum turbo, 2012 & newer models only	-----	\$319.95
Tune up minor 6 cyl. platinum	-----	\$389.95
Wiper blades replace front pair (Aero Style)	-----	\$74.95
Wiper blades replace one rear (Aero Style)	-----	\$44.95

7.5K	6,000-7,500 Mile Maintenance Interval, perform no later than 7.5K-22.5K-37.5K-52.5K-67.5K-82.5K-97.5K-112.5K-etc. miles			Max Veh. Mileage	Maint. Package
	Replace engine oil, filter & drain plug washer (up to 6 quarts of full synthetic oil)	Only	\$219.95	7,500	7,500
	Deduct \$35.70 for 5qts. Std. oil, add \$9.70 for 7qts. Syn oil			15,000	15,000
	Inspect condition of air cleaner element	Save over	\$80.00	22,500	7,500
	Inspect and adjust (if needed) all drive belts to factory specifications			30,000	30,000
	Inspect and ensure cooling fan is operating within factory specifications			37,500	7,500
	Inspect transmission fluid condition and transmission operation			45,000	15,000
	Check to ensure air conditioning system is operating within factory specifications			52,500	7,500
	Rotate tires, inspect tread wear and check & adjust tire pressure as needed			60,000	60,000
	Perform brake system inspection; pads, lines, hoses & fluid			67,500	7,500
	Inspect suspension system and steering components to ensure factory specifications			75,000	15,000
	Service battery terminals, check battery condition & adjust water level if needed			82,500	7,500
	Inspect wiper blades and linkage operation			90,000	30,000
	Lubricate all door, trunk & hood latches and hinges if needed			97,500	7,500
	Inspect exhaust system and heat shields			105,000	15,000
	Check all wheel drive operation to ensure system is operating within factory specifications			112,500	7,500
	Inspect and adjust all fluid levels as needed			120,000	60,000
Factory trained technician to conduct road test			127,500	7,500	
	Replace CVT Transmission fluid every 24,855 miles	(ADD)	269.95	135,000	15,000
	Computer balance all four tires (dealer recommended)	(ADD)	74.95	142,500	7,500
15K	12,000-15,000 Mile Maintenance Interval, perform no later than 15K-45K-75K-105K-etc. miles			150,000	30,000
	Replace engine oil, filter & drain plug washer (up to 6 quarts of full synthetic oil)	Only	\$489.95	157,500	7,500
	Deduct \$35.70 for 5qts. Std. oil, add \$9.70 for 6qts. Syn oil			165,000	15,000
	Inspect condition of air cleaner element	Save over	\$180.00	172,500	7,500
	Inspect and adjust (if needed) all drive belts to factory specifications			180,000	60,000
	Inspect and ensure cooling fan is operating within factory specifications				
	Inspect transmission fluid condition and transmission operation				
	Check to ensure air conditioning & heating systems are operating within factory specifications				
	Rotate tires, inspect tread wear and check & adjust tire pressure as needed				
	Perform brake system inspection; pads and/or drums, lines, hoses & fluid				
	Inspect suspension system and steering components to ensure factory specifications				
	Service battery terminals, check battery condition & adjust water level if needed				
	Inspect wiper blades and linkage operation				
	Lubricate all door, trunk & hood latches and hinges if needed				
	Inspect exhaust system and heat shields				
	Replace pollen filter				
Check all wheel drive operation to ensure system is operating within factory specifications					
Inspect radiator & cooling system					
Adjust emergency brake to within factory specifications as needed					
Inspect and adjust all fluid levels as needed					
Check turn signal, stop and headlight bulbs operation					
Renew brake fluid; completely flush brake system and replace fluid					
Install premium motor oil conditioner (dealer recommended)					
Factory trained technician to conduct road test					
	Replace front & rear differential fluid every 15K miles	(ADD)	189.95		
	Replace timing belt & crank seal every 105K miles (Non-turbo engines)	(ADD)	619.95		
	Replace timing belt & crank seal every 105K miles (Turbo engines, add \$63.50 for STI)	(ADD)	759.95		

Factory Recommended Maintenance Schedule for 2021 and Older Subaru Vehicles

The following maintenance schedule is a simplified version of the manufacturer's existing recommendations

- 1) Blue ink represent the Factory Recommended Maintenance for severe conditions
- 2) Red ink represents additional maintenance items that the dealership recommends for your driving area or are not mentioned in the factory maintenance manual such as alignments, balancing and certain adjustments.
- 3) The chart on the left shows the correct maintenance package to use at your mileage. After 180,000 miles start over from the beginning.

30K	Replace fuel filter on 2005 & newer vehicles only every 72K miles	(ADD) 689.95
	Computer balance all four tires (dealer recommended)	(ADD) 74.95
	Align all four wheels (dealer recommended)	(ADD) 99.95
	30,000 Mile Maintenance Interval, perform no later than 30K-90K-etc. miles	
	Replace engine oil, filter & drain plug washer (up to 6 quarts of full synthetic oil)	Only \$799.95
	Deduct \$35.70 for 5qts. Std. oil, add \$9.70 for 7qts. Syn oil	
	Inspect and adjust (if needed) all drive belts to factory specifications	Save over \$210.00
	Inspect and ensure cooling fan is operating within factory specifications	
	Inspect transmission fluid contition and transmission operation	
	Check to ensure air conditioning & heating systems are operating within factory specifications	
	Rotate tires, inspect tread wear and check & adjust tire pressure as needed	
	Perform brake system inspection; pads and/or drums, lines, hoses & fluid	
	Inspect suspension system and steering components to ensure factory specifications	
	Service battery terminals, check battery condition & adjust water level if needed	
	Inspect wiper blades and linkage operation	
	Lubricate all door, trunk & hood latches and hinges if needed	
30K	Inspect exhaust system and heat shields	
	Inspect & clean exterior of radiator	
	Replace pollen filter	
	Check all wheel drive fluid & operation to ensure system is operating within factory specifications	
	Inspect radiator & cooling system	
	Adjust emergency brake to within factory specifications as needed	
	Replace air filter element	
	Inspect steering operation, tie rod ends and steering rack guides per factory specifications	
	Inspect all engine and transmission mounts	
	Replace front & rear differential fluid	
	Inspect and adjust all fluid levels as needed	
	Check all interior & exterior lighting operation	
	Renew brake fluid; completely flush brake system and replace fluid	
	Replace PCV valve every 30K miles	
	Install premium motor oil conditioner (dealer recommended)	
	Install premium fuel additive (dealer recommended)	
30K	Factory trained technician to conduct road test	
	Replace automatic transmission fluid every 30K miles (2009 & older models only)	(ADD) 129.95
	Replace manual transmission fluid every 30K miles (add for 13 & newer STI models)	(ADD) 109.95
	Replace engine coolant and test protection levels every 30K (2008 & older models only)	(ADD) 149.95
	Replace fuel filter on 2004 & older vehcles only every 30K miles	(ADD) 119.95
	Replace platinum spark plugs on 4 cylnder turbo engines during 60K service	(ADD) 79.95
	Replace platinum spark plugs on 6 cylnder engines during 60K service	(ADD) 149.95
	Computer balance all four tires (dealer recommended)	(ADD) 74.95
	Align all four wheels (dealer recommended)	(ADD) 99.95

60KS	Replace non-platinum spark plugs 2004 & older every 30K miles	(ADD) 169.95
	Replace platinum/iridium spark plugs 2005 to 2011 4 cyl engines & 2.5L Impreza every 30K miles	(ADD) 249.95
	Computer balance all four tires (dealer recommended)	(ADD) 74.95
	Align all four wheels (dealer recommended)	(ADD) 99.95
	60,000 Mile Maintenance Interval, perform no later than 60K-120K-etc. miles	
	Replace engine oil, filter & drain plug washer (up to 6 quarts of full synthetic oil)	Only \$939.95
	Deduct \$35.70 for 5qts. Std. oil, add \$9.70 for 7qts. Syn oil	
	Inspect and adjust (if needed) all drive belts to factory specifications	Save over \$360.00
	Inspect and ensure cooling fan is operating within factory specifications	
	Inspect transmission fluid contition and transmission operation	
	Check to ensure air conditioning & heating systems are operating within factory specifications	
	Rotate tires, inspect tread wear and check & adjust tire pressure as needed	
	Perform brake system inspection; pads and/or drums, lines, hoses & fluid	
	Inspect suspension system and steering components to ensure factory specifications	
	Service battery terminals, check battery condition & adjust water level if needed	
	Inspect wiper blades and linkage operation	
60KS	Lubricate all door, trunk & hood latches and hinges if needed	
	Inspect exhaust system and heat shields	
	Inspect & clean exterior of radiator	
	Check all wheel drive operation to ensure system is operating within factory specifications	
	Replace pollen filter	
	Inspect radiator & cooling system	
	Adjust emergency brake to within factory specifications as needed	
	Replace air filter element	
	Inspect steering operation, tie rod ends and steering rack guides per factory specifications	
	Inspect all engine and transmission mounts	
	Replace front & rear differential fluid	
	Inspect and adjust all fluid levels as needed	
	Check all interior & exterior lighting operation	
	Renew brake fluid; completely flush brake system and replace fluid	
	Replace spark plugs (add for turbo & 6 cyl.; see below)(ded. \$31.20 for 05'-11' & \$78.20 for 04 & older)	
	Replace PCV valve every 30K miles	
60KS	Install premium motor oil conditioner (dealer recommended)	
	Install premium fuel additive (dealer recommended)	
	Factory trained technician to conduct road test	
	Replace automatic transmission fluid every 30K miles (2009 & older models only)	(ADD) \$119.95
	Replace manual transmission fluid every 30K miles (add for 13 & newer STI models)	(ADD) \$109.95
	Replace engine coolant and test protection levels every 30K (2008 & older models only)	(ADD) \$149.95
	Replace fuel filter on 2004 & older vehcles only every 30K miles	(ADD) \$119.95
	Replace platinum spark plugs on 4 cylnder turbo engines during 60K service	(ADD) \$79.95
	Replace platinum spark plugs on 6 cylnder engines during 60K service	(ADD) \$149.95
	Computer balance all four tires (dealer recommended)	(ADD) \$74.95
	Align all four wheels (dealer recommended)	(ADD) \$99.95

Requirements for certain models or for certain geographical areas may vary.
Prices subject to change without notice / Prices may vary for certain models

For vehicles using synthetic oil, Subaru recommends changing the oil every 6,000 miles. However, Garavel Subaru recommends changing synthetic oil no earlier than 6,000 miles, but no later than 7,500 miles; keeping in mind that the more major maintenance items that Subaru recommends are due every 15,000, 30,000 & 60,000 miles.
